

AN ENTERPRISE-GRADE DATA CENTER FOR SAP LANDSCAPES STRAIGHT OUT OF THE BOX.

FlashStack® is Cisco and Pure Storage's first 100% flash converged infrastructure solution for SAP® and SAP HANA® workloads. It combines the latest in compute, networking, storage hardware, and virtualization software into a single, integrated architecture. And it comes with a Cisco® Validated Design (CVD), so it's fully tested and ready to be deployed.

Pre-packaged Features,
Powerful Benefits

FlashStack Includes a Cisco Validated Design (CVD)

CVDs are renowned for being the most fully tested reference documentation for Cisco products available anywhere. Our extensive engineer testing and documentation means you'll get a faster, more reliable, and predictable FlashStack deployment.

GET A TRULY CONVERGED INFRASTRUCTURE

One product. Fully tested. Modernize your data centers today.

LEARN MORE ABOUT FLASHSTACK.
