POP QUIZ: WHAT DO YOU WANT FROM THE CLOUD?

A *Anytime, anywhere access to digital content. My students and staff have high expectations.*

B *Ease of maintenance. My IT staff is already stretched to the limit.*

C *Lower costs. I am (perpetually) short on capital for expensive IT investments.*

D *I need to be able to roll out new applications quickly and scale up capacity when needed.*

E *All of the above.*

If you answered E, you're not alone. According to the Center for Digital Education's recent cloud survey, education leaders see these as the top four benefits of using cloud-based technologies.

Pure Storage helps education institutions reach these goals.
Pure Storage provides flash storage solutions – a software-driven technology that is transforming IT operations through dramatic increases in performance and efficiency at lower costs. Whether you choose to leverage all-flash for your private cloud or keep your solution on-premises, Pure Storage allows you to take advantage of the speed, reliability and simplicity that make the cloud attractive.

PURE STORAGE OFFERS:

Anytime, anywhere access to content. Pure Storage excels in virtualization scenarios, allowing schools to offer mobility and BYOD at scale without performance issues. All-flash enables seamless, ubiquitous access to digital learning.

Ease of maintenance. Pure Storage takes the headaches out of storage from the moment it comes out of the box. With the Evergreen™ Storage model, both controller hardware and software are non-disruptively upgraded with each three-year maintenance renewal. Say goodbye to forklift upgrades and the hassles that come with them.

Lower costs. With a low up-front price, flat annual maintenance and an investment that stays modern through Evergreen Storage, there is no better total cost of ownership in the storage industry. Low, predictable payments have finally arrived.

Agility. Pure Storage allows you to grow capacity and performance where and when they are needed, with no downtime. With automatic resource provisioning, you can add more services whenever you need to.
