# FlashArray™ Implementation Training for Professional Services

Pure Storage's Implementation Training for Professional Services helps Certified Delivery Partners (CDPs) master the skills required to effectively support Pure FlashArray™ installations and upgrades at customer sites.

## Course Benefits

Gain practical knowledge through hands-on learning and instruction with in-depth explanations that go beyond the basics. Benefit from the real-world experience of our instructors in a practical learning environment that emphasizes open discussion, interaction, and hands-on activities. Graduates of this course will be proficient CDPs and will be better prepared to support FlashArray installations and upgrades for your customers. This course is delivered virtually (vILT), or in-person (ILT) and the duration can be modified to suit your needs.

## Course Outline

During this course you will learn:
