Overview

Ready. Set. Learn.

Get ready and stay ready with Pure Performance, Education, and Knowledge (PEAK). Our training classes and our knowledge articles will prepare you to champion modern, flexible, and easy to manage storage solutions for your organization, while our Community forums will help you to stay connected with like-minded peers. Use our certifications to show what you know. Proudly display your certification badges on any of your social media channels and show the world that Pure trusts you to deliver Pure solutions.

Pure Performance, Education, and Knowledge (PEAK)

Stay ready with foundational support, where and when you need it.

Education

Get the most value and fastest adoption possible from your Pure products. PEAK Education helps you develop skills and knowledge quickly and easily, when and where you choose. Learn how to use Pure's leading-edge technology to ensure that your storage stays modern, flexible, and easy to manage.

Knowledge

Get technical information when and where you need it. PEAK Knowledge extends the value of our education with Purity Alerts, Release Notes, User Guides, Best Practice, Performance Tips, Upgrading, and other information about your Pure solution.

Community

Connect with like-minded storage professionals through the PEAK Community. Fix problems quickly and find creative new ways to use features to save you time and energy, and to maximize your investment in Pure.

Certifications

Get the credit you deserve with PEAK certifications. Pure Certifications highlight competence, proficiency, knowledge, and career commitment. As a certified professional, you are your organization's best asset to realize the modern data experience.

How Pure PEAK Education Delivers Training

Education is available when and where you choose, offering both On-Demand and classroom training with hands-on labs, delivered by expert Pure instructors.

On-Demand eLearning

Save time, travel, and costs with Pure Academy, our online Learning Management System (LMS). With your Evergreen Storage, enjoy complimentary access to a curated set of online courses through the learning paths in this document. For full access to our on-demand training library, upgrade with a Pure Skill Explore or Advantage subscription.

Virtual Instructor-Led Training

Our real-time, virtual instructor-led training (vILT) delivers the same content as our classroom instruction, without the need for travel or time out of office. vILT recreates the traditional classroom learning experience with:

- Live, interactive sessions with a Pure-certified instructor.
- Hands-on labs and demonstrations

Instructor-Led Training (In-Person)

We can deliver classroom instruction (ILT) at one of our centers or at your location. To learn more, contact your Pure Account Executive for more information.

- **Private classroom training:** Book any course at a selected Pure Learning center as a private class and personalize it to fit your organization's needs.
- **Private on-site instruction:** Our instructors can travel to your site or choice of venue to facilitate a course in our catalog, or a custom course tailored to your organization.
- **Public classroom instruction:** Take a class at one of our many conveniently located training centers.

Education Pricing

For education pricing, please contact your Pure Account Executive. Foundational on-demand training courses and the Data Storage Associate (DSA) certification prep course are included at no cost with a Pure Evergreen subscription. Customers without a Pure Skill (Explore or Advantage) subscription have access to a limited selection of on-demand courses. To unlock the full on-demand training library, consider a Pure Skill Explore or Advantage subscription.

Pure Certification Prep Training

While on-the-job experience with Pure products and solutions is always helpful, certification preparation courses help prepare you for the exam. To locate the resources related to your exam, go to [Pure IT Professional Certifications](#) and then select your certification

Bundle your certification

You have the flexibility to bundle your certification prep training with your certification exam. Our tailored training programs are designed to help you excel in your certification journey. Get started today!

Associate Prep Training

Pure Certified FlashArray™ Storage Professional Prep

Certification Details

Overview:

Be the top IT professional to manage Pure FlashArray™ storage. Demonstrate your ability to install, configure, optimize, and troubleshoot your Pure FlashArray storage throughout the enterprise. Lead your company to ensure that your infrastructure is reliable, resilient, and secure, while providing elasticity, expansiveness, and the opportunity of cloud.

Course Description:

The Pure Certified FlashArray Storage Professional Prep gives you everything you need to manage a FlashArray enterprise array through its entire lifecycle. Pure FlashArray supports enterprise applications and accelerates business results with your most critical data. This course helps to prepare you for the Pure Certified FlashArray Storage Professional exam.

How to Purchase:

You can purchase instructor-led certification prep training on its own or as a bundle with the corresponding certification exam. If you're interested in on-demand certification prep training and do not have a Pure Skill (Explore or Advantage) subscription, access will require a subscription. For pricing and next steps for either option, please contact your Pure Account Executive.

Course Type:

This course is available via in-classroom (contact AE/SE for availability), vClassroom, or On-Demand.

Duration:

ILT / 2 days | vILT / 2 days (6 hours) | On-Demand / 1 day

Pure Certified FlashBlade™ Storage Professional Prep

Certification Details

Overview:

Be the top IT professional to manage your Pure FlashBlade® storage. You will demonstrate your ability to install, configure, optimize, and troubleshoot your Pure FlashBlades throughout the enterprise. Lead your company to ensure that your infrastructure is reliable, resilient, and secure, while providing elasticity, expansiveness, and the opportunity of cloud.

Course Description:

The Pure Certified FlashBlade Storage Professional Prep gives you everything you need to manage a FlashBlade enterprise array through its entire lifecycle. Pure FlashBlade supports enterprise applications and accelerates business results with your most critical data. This course helps to prepare you for the Pure Certified FlashBlade Professional exam.

How to Purchase:

You can purchase instructor-led certification prep training on its own or as a bundle with the corresponding certification exam. If you're interested in on-demand certification prep training and do not have a Pure Skill (Explore or Advantage) subscription, access will require a subscription. For pricing and next steps for either option, please contact your Pure Account Executive.

Course Type:

This course is available via in-classroom (contact AE/SE for availability), vClassroom, or On-Demand.

Duration:

ILT / 2 days | vILT / 2 days (6 hours) | On-Demand / 1 day

This course is available via in-classroom (contact AE/SE for availability), vClassroom, or On-Demand.

Duration:

ILT / 2 days | vILT / 3 days (4 hours) | On-Demand / 1 day

Pure Certified Data Protection Professional Prep

[Certification Details](#)

Overview:

A Pure Certified Data Protection Professional certification allows IT storage professionals to showcase their comprehensive knowledge and experience of Pure data protection methods and technologies. Earning a Pure Certified Data Protection Professional credential signifies that your Pure data protection knowledge is both broad and deep: You understand the business and technical requirements relevant to data protection across the Pure platform and can be trusted to find the most appropriate data protection solution for any given business scenario.

Study Guide Description:

The Pure Certified Data Protection Professional Study Guide is a robust resource that will help you in preparing for your exam. Along with featuring all exam topics and associated subtopics, it includes recommended study resources and sample questions. Use the study guide to gauge your competency and tailor your study approach so you can achieve success in your certification journey.

Expert Prep Training

Pure Certified Platform Architect Expert Prep

[Certification Details](#)

Overview:

A Pure Certified Platform Architect Expert certification allows storage architects to reach the pinnacle of storage expertise by demonstrating the knowledge, practical experience, and skills needed to optimize the full potential of the Pure platform. This capstone exam differentiates those who comprehend one Pure product from those who master the entire platform and its ecosystem, shifting from product-focused proficiency to comprehensive solution architecture. Prove and embrace a new level of knowledge, including the integration of the Pure ecosystem with third-party offerings and stand out in the industry.

Course Description:

The Pure Certified Platform Architect Expert Study Guide is a robust resource that will help you in preparing for your exam. Along with featuring all exam topics and associated subtopics, it includes recommended study resources and sample questions. Use the study guide to gauge your competency and tailor your study approach so you can achieve success in your certification journey.

Pure Customer Training Program Terms & Conditions

[View Latest Version](#)

Updated July 2, 2020

You, as the Customer, by purchasing Pure® ("Pure") Customer Training and Certification Program ("Training Service(s)") agree to be bound by these Terms and Conditions as well as the terms contained in the End User Agreement. If you are participating in the Training Services on behalf of a company or other legal entity, you represent that you have authority to bind such entity to these Terms and Conditions, in which case "you" or "Customer" shall refer to such entity. These Terms and Conditions are subject to change at any time.

1. **Terms of Service.** The Terms of Service for the Training Services commences on the date listed on your Purchase Order. Unless otherwise agreed in writing between Pure and Customer, purchases of Training Services must be solely for Customer's own internal use and not for resale, redistribution or service bureau purposes.
2. **Pure's Responsibility:** Pure will, at its sole discretion, determine the number of instructors and the appropriate skill sets necessary to conduct the training. Customer agrees that the instructor may be an employee or consultant of Pure and/or a Pure service provider.
3. **Customer's Responsibility:** Customer will timely pay all outstanding fees owed to Pure in accordance with the terms of the Purchase Order for the Training Service.
4. **Rescheduling:** Unless otherwise agreed in writing by Pure, all training will occur on the scheduled date as decided between Pure and Customer. Pure will accommodate up to two (2) Customer requests to reschedule the Training Services within the Term. Pure will not accommodate rescheduling and will not refund any fees paid by Customer if the Customer seeks to reschedule more than two (2) times.
 - a. For Instructor-Led Training (In-Person), Customer may request to transfer their Training to another available date up to 14 full calendar days prior to the start of the course for which they are scheduled.
 - b. For Virtual Instructor-Led Training, Customer may request to transfer their Training to another available date up to 7 full calendar days prior to the start of the course for which they are scheduled.
 - c. Should Pure need to reschedule a Training, Pure will use reasonable efforts to give Customer advance notice and will work with the Customer to schedule a new Training date, irrespective of whether the new Training date is after the expiration of the Term.
4. **Cancellation:** Cancellation must be communicated in writing between the Customer and Pure and will not result in a rescheduling of the Training.
 - a. Pure will not refund any fees paid by Customer if the Customer cancels the Training Service for any reason.
 - b. If Pure cancels the Training, Pure will refund Customer's associated pre-paid training fees. The refund will be Customer's only recourse in the event of Pure's cancellation.
 - c. Pure may refuse to provide Training Service if, in its reasonable opinion, providing the Training Service will create an unreasonable risk to Pure or Pure's Service providers or if any requested service is beyond the scope of Training Service. Pure is not liable for any failure or delay in performance due to any cause beyond its control, including Customer's failure to comply with its obligations under this Training Service.
 - d. Pure may cancel this Training Service at any time, without refund to the Customer, during the Term for any of the following reasons:
 - i. Customer fails to pay the total price for the Training Service in accordance with the invoice terms.
 - ii. Customer is abusive, threatening, or refuses to cooperate with the Pure representative that is arranging, scheduling, or providing Training Service; or
 - iii. Customer fails to abide by all of the terms and conditions set forth in the Training service.
 - iv. In the event that Pure cancels the Training Service under this section, Pure will send Customer an electronic written notice of cancellation. The notice will include the reason for cancellation and the effective date of cancellation, unless local law requires other cancellation provisions that may not vary by agreement.
5. **Assignment and Subcontracting.** Pure may subcontract the Training Service and/or assign the Training Service to qualified third party service providers who will perform the Training Service on Pure's behalf.
6. **Geographic Limitations and Relocation.** The Training Service is not available at all locations. Training Service options, including service levels will vary by geography and certain options may not be available for purchase in Customer's location, so please contact your sales representative for these details.
7. **Web-Based Elements.** Pure shall not be liable to Customer for any interruptions or delays in receiving or transmitting data in connection with any web-based elements of the Training Services.
8. **Training Materials.** Pure will provide training materials, which may consist of course documentation, guidelines, instructional materials such as workbooks, manuals or audio materials, or computer-based training. All training materials provided by Pure in any form, whether printed or electronic, are the copyrighted works of the original content provider. Training materials are for the sole use of the participant enrolled in the training course, and may not be used by any other person, reproduced, distributed or modified without Pure's express written permission.
9. **Intellectual Property:** The content of Pure's Training Services is Pure's intellectual property. Pure retains all rights, title, and interest in and to all Training Services materials, Pure confidential information and related information and all copyrights, patent rights, trademark rights, and other proprietary rights therein.
10. **Confidentiality:** You must maintain the confidentiality of any Pure confidential information received during a Training Service. You must not reproduce copyrighted software, documentation, or other materials unless given written authorization to do so from Pure.
11. **Exclusions:** Any services, tasks or activities other than those specifically noted in the Training Service Description, your Purchase Order Form, and any training not listed on Pure's website.
12. **Warranty:** Pure does not confer on Customer any warranties which are in addition to the warranties provided under the terms of the End User Agreement.
