

10 Reasons to Run All Your MEDITECH on Pure

Simplify your IT environments with Pure Storage® high-performance, always-on solutions for MEDITECH while empowering teams to focus on new ways of delivering better patient care. As the only data storage vendor to offer all its core products as a service today, Pure delivers the modern data experience—simple, seamless, and sustainable.

Need more reasons to choose all-flash storage from Pure Storage for your MEDITECH data center? Here are 10:

1

Seamless MEDITECH Integration

Pure Storage Is Certified for ALL MEDITECH Environments

In addition to the Pure data platform being certified for all MEDITECH environments, it's jointly certified by MEDITECH with Commvault's EHR Data Protection Solution, ensuring your organization has quick access to sensitive clinical data. Pure achieved these certifications after extensive testing of the platform by MEDITECH's integration partner CloudWave.

2

Unmatched Growth and Customer Support

Hyper Growth in the Healthcare Space

Pure's MEDITECH customer base has grown more than 1,500% in just three years. The fastest-growing storage provider for healthcare, a new customer has invested in Pure every nine business days for the last three and a half years. In addition, Pure Storage is positioned in the Leaders quadrant of the Gartner Magic Quadrant for Solid State Arrays¹ for five years in a row.

¹ Gartner Magic Quadrant for Primary Storage, Santhosh Rao, John Monroe, Roger W. Cox, Joseph Unsworth, 17 Sept 2019. *Gartner does not endorse any vendor, product or service depicted in its research publications, and does not advise technology users to select only those vendors with the highest ratings or other designation. 3

Unmatched Growth and Customer Support

Industry-leading NPS

Pure is passionate about helping healthcare organizations exceed their SLAs while driving higher customer and clinician satisfaction. Enthusiastic customers give Pure an NPS score of 86.6, citing proactive troubleshooting, Big Day Support, and MEDITECH-specific concierge service at no additional charge.

4

Superior TCO

Storage Efficiency Savings for Healthcare IT

Pure is the only vendor today that offers all its core products available as-a-service under one full, integrated portfolio. This approach allows you to realize the maximum value from your data while eliminating complexity and expense.

5

Enterprise-Grade Performance

99.9999% Availability with MEDITECH on FlashArray™

Six nines availability amounts to less than 32 seconds of downtime per year. Our fleet has nearly 1,000 years of concurrent runtime. And Pure availability statistics include hardware and software upgrades.

6

Enterprise-Grade Performance

Consistent Performance Designed for Healthcare

Pure arrays are engineered for high performance and the consistent low latency and dependability MEDITECH users need. Don't take our word for it: Try a 30-day proof of concept array in your data center.

7

Enterprise-Grade Performance

Business Continuity Made Simple

ActiveCluster™ is simple, powerful, and offers business continuity without a third site. Included with your Evergreen Storage™ subscription, ActiveCluster makes the highest levels of availability accessible to all without the complexity or external appliances required in typical solutions.

8

Ultimate Simplicity and Efficiency

Never Migrate Data Again... Ever

Remove the risk associated with cumbersome clinical data migrations. Pure arrays offer truly non-disruptive upgrades with zero downtime, zero performance impact, and no need to migrate critical clinical data. Data remains in place, thus ensuring it is safe, secure, and available.

9

Ultimate Simplicity and Efficiency

Never Buy the Same Terabytes, Software, or Controllers Again

With Pure's Evergreen™ model, consolidate capacity to new, denser media as it becomes available and add capacity when you need it. With 3:1 data compression across all MEDITECH platforms, you never have to buy the same terabyte twice and you always have access to the latest technology. There's no need to over-provision because your storage can easily grow with your data under the Evergreen program.

MEDITECH customers can enjoy the benefits of Evergreen and new controllers under the Free Every Three² program without the typical migration headaches of legacy storage vendor technologies.

² "Free Every Three" requires Gold Subscription Maintenance.

10

Ultimate Simplicity and Efficiency

Save on space and power

Pure's software-defined storage is always efficient, saving you up to 10x on space and up to 10x on power while consolidating all your tiers and workloads. Rich data services are fully automatable and extensible for self-service consumption.
