

## TRADEMARK LIST

v Dec, 2020

The following list contains registered and unregistered trademarks and service marks owned by Pure Storage, Inc. or its affiliates in the U.S. and other countries. The absence of any trademark or service mark from this list does not constitute a waiver of Pure Storage's trademark or other intellectual property rights with respect to that trademark or service mark. You may not use any Pure Storage trademark without written permission from Pure Storage.

Please remember that when using the marks in publications that will be distributed only within the United States, include the proper <sup>™</sup>, <sup>SM</sup> or <sup>®</sup> symbol on first prominent use. For publications that will be distributed outside the United States, do not include trademark symbols, instead use the following trademark attribution notice:

Pure Storage, the Pure Storage logo and the marks listed at <http://www.purestorage.com/legal/productenduserinfo.html> are trademarks or registered trademarks of Pure Storage, Inc. in the U.S. or other countries.

Please remember that trademarks are adjectives, and should not be used as nouns (e.g. made plural or possessive). Please make sure you always try to use the proper descriptor with the Pure Storage marks. If granted permission to use a Pure Storage mark, please refer to the Pure Storage [Trademark Usage Guidelines](#) for important information regarding the proper usage of the Pure trademarks.

If you have any questions concerning the trademarks or service marks on this list, you would like to request the use of a Pure Storage mark, or you want to let Pure know about a third party using a Pure Storage mark inappropriately or without Pure's permission, please contact us at [trademarks@purestorage.com](mailto:trademarks@purestorage.com).
