"Our strong Q3 performance was fueled by increased customer demand and execution across the entire business," said Kevan Krysler, CFO, Pure Storage. "We are in a great innovation cycle with our portfolio."

#### **Third Quarter Company Highlights and Achievements**

- Gartner Magic Quadrant: A storage leader for eight consecutive years
  - Magic Quadrant for Primary Storage Arrays: Gartner named Pure a storage leader eight years in a row and the second year in a row the company has been positioned highest on the ability to execute axis and furthest on the completeness of vision axis.
  - Magic Quadrant for Distributed File Systems and Object Storage: Gartner positioned Pure as a leader in the rapidly growing storage market for unstructured data.
- Net Promoter Score (NPS) of 83.5: For six years running, Pure continues to maintain a market-leading NPS, taking the top 1% spot across Medallia benchmarked B2B scores.
- Significant announcements in Q3 bring infrastructure and applications closer together by enabling cloud-like automation and delivery of storage:
  - Pure Fusion<sup>™</sup>, a self-service, autonomous storage-as-code platform built for limitless scale, lets customers bring the cloud operating model anywhere and run, operate, and consume traditional storage like a cloud service.
  - Portworx® Data Services, a Database-as-a-Service platform for Kubernetes, lets DevOps engineers deploy a managed, production-grade data service with the click of a button.

#### Fourth Quarter and FY22 Guidance

	Q4 FY22	FY22
Revenue	\$630 million	\$2.1 billion
Non-GAAP Operating Income	\$90 million	\$206 million
Non-GAAP Operating Margin	approx. 14%	approx. 10%

These statements are forward-looking and actual results may differ materially. Refer to the Forward Looking Statements section below for information on the factors that could cause our actual results to differ materially from these statements. Pure has not reconciled its guidance for non-GAAP operating income and non-GAAP operating margin to their most directly comparable GAAP measures because certain items that impact these measures are not within Pure's control and/or cannot be reasonably predicted. Accordingly, a reconciliation of these non-GAAP financial measures guidance to the corresponding GAAP measures is not available without unreasonable effort.

#### **Key Business Metric**

Subscription ARR is a key business metric that refers to total annualized contract value of all active subscription agreements, including Evergreen, on the last day of the quarter, plus on-demand revenue for the quarter multiplied by four.

# **Non-GAAP Financial Measures**

To supplement our unaudited condensed consolidated financial statements, which are prepared and presented in accordance with GAAP, Pure uses the following non-GAAP financial measures: non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating income (loss), non-GAAP operating margin, non-GAAP net income (loss), non-GAAP net income (loss) per share, and free cash flow.

We use these non-GAAP financial measures for financial and operational decision-making and as a means to evaluate period-to-period comparisons. Our management believes that these non-GAAP financial measures provide meaningful supplemental information regarding our performance and liquidity by excluding certain expenses and expenditures such as stock-based compensation expense, payments to former shareholders of acquired companies, payroll tax expense related to stock-based activities, amortization of debt discount and debt issuance costs related to long-term debt, amortization of intangible assets acquired from acquisitions, acquisition-related transaction and integration expenses, restructuring activities, and expenses directly related to the COVID-19 pandemic that may not be indicative of our ongoing core business operating results. Pure believes that both management and investors benefit from referring to these non-GAAP financial measures in assessing our performance and when analyzing historical performance and liquidity and planning, forecasting, and analyzing future periods. The presentation of these non-GAAP financial measures is not meant to be considered in isolation or as a substitute for our financial results prepared in accordance with GAAP, and our non-GAAP measures may be different from non-GAAP measures used by other companies.

For a reconciliation of these non-GAAP financial measures to GAAP measures, please see the tables captioned "Reconciliations of non-GAAP results of operations to the nearest comparable GAAP measures" and "Reconciliation from net cash provided by operating activities to free cash flow," included at the end of this release.
